OUR INSPIRATION:

Late. Shri Gopikishan D. Mall

"Things do not happen, they are made to happen."

Whenever we remember our Founder Late. Shri Gopikishan D. Mall, it compels us to accept the fact that when we think about inspiration, what inspires us the most are the ordinary people around us who have done...

An ordinary man when makes a long lasting & enduring impact in your lives with his extraordinary people management skills, foresightedness, business acumen and intellectual thought process then it gives that required stimulus to your brain to get inspired to excel in your endeavors & achieve greater heights of success.

One sole source of inspiration has been our beloved founder:

He taught us a lot to make the best meaning out of our lives. He taught us to believe that god has made you capable to deal with the life, he(god) has given to you. You just need to understand this fact and exploit it to the best of your potential. The values imbibed by him are our core driving force. The milestones and benchmarks which are being achieved by us are his blessings. He always believed- Good, better, best, never let it rest, till your good is better and better is best.

"You have taught me so much, I have watched how you live, how you chase after life. You inspire me to greater things dad, you are my Role Model."

He is in our heart and soul and we strongly believe in his humble and noble thoughts as he used to say us-

"Success is not an accident, It is Hardwork, Perseverance, Learning, Studying, Sacrifice and most of all, Love of what you are doing and learning to do."

i ABOUT US

As an introduction of ourselves, we would like to humbly and modestly boast about our not so old history / story. Way back in 1978, a group of family members came together in a small town of Maharashtra with a small intent to fulfil the expectation and trust put into them by a large corporate client. Just 5 years later they conceived a dream and gave birth to a reality called MALL ENTERPRISES. Who knew, that it was the beginning of an era, the start of a well scripted story. A little seed sown by the same group of family members turned out and grew into a big, huge and massive tree. The tree started bearing fruits.

"Growth is the only constant". Finally this growth started spreading its roots, and in 1992 was formed MALL CONSTRUCTIONS in Nagpur. Further to make sure that the growth does not stop and the roots penetrate deep inside a new firm was formed under the leadership of Late Shri Gopikishan D. Mall.

We are MALL INFRASTRUCTURE. Founded in 2008, with the vast experience of family heritage and legacy we started MALL INFRASTRUCTURE in Aurangabad. Working from 1990 in the family name of Mall Enterprises, Mall Infrastructure created its own identity in 2008.

? WHY US ?

- We have a fair amount of experience of more than two decades in the construction and engineering industry.
- Our company has a perfect blend of experience and qualification.
- We have successfully and satisfactorily completed various projects in and around Aurangabad.
- As a sign of progress & passion, we have started spreading our wings pan India like in Tamil Nadu(Chennai), Madhya Pradesh & Chattisgarh.
- Through our work ethics and methodologies, we have created an impact in this region.
- The strength of our group as a whole lies in the diversity of our works, projects and geography covered by us & our sister concerns Mall Enterprises & Mall Constructions.
- Our USP being repeat and referral clients entrusting us due to our fair and competitive pricing, timely completion of projects with the desired quality.
- In this short span of 9 years, we have become noteworthy name in the region and also the contractor & infrastructure firm of choice of many. We are a preferred construction company for many clients and departments.
- The modesty and humanity makes us stand out from the crowd.
- Our personal involvement / attention even for smaller jobs & our service minded attitude has given us a lot of respect in the industry.

VISION :

Building up a family heritage running since 1983, we will continue to be the company of choice for our clients driven by entrepreneurial spirit and guided by firmly held values.

MISSION :

1. Uncompromising Integrity, Honesty, Professionalism and Fairness to be always at the heart of our company.
2. To set high standards of excellence and to continually innovate and improve by thriving on challenges and accomplishments.
3. To always value an inclusive culture based on diverse backgrounds, experience, views and mutual respect.
4. To plan and act for the future - for the long term good of our company, our customers, our suppliers, sub-contractors and other professional partners and associates.
5. To maintain a sustainable environment in and around our company so as to get repeat and referral business as an outcome of our trust, transparency, loyalty, positive attitude and pro-active approach.

CORE VALUES

PEOPLE :

At Mall Infrastructure, we recognize the value of our people and continually strive to develop human resources. We recruit knowledgeable and highly skilled professionals while providing opportunities in training and self-development.

INTEGRITY :

Over the years, we have gained a reputation for integrity and trust from our customers. Our commitment and drive for success has built a solid base of satisfied customers who continue to use our services time and again. Mall Infrastructure's integrity speaks for itself and a legacy of past projects has ensured continued success while opening doors for future opportunities.

COMMITMENT :

Mall Infrastructure's firm commitment to deliver quality projects and services has resulted in the company's acceptance as one of the leading engineering and construction firms in the region. Our well-defined understanding of client specifications and their requirement for a timely delivery, has served as the principal foundation for our acceptance as a reputed, eligible and competitive industrial construction company.

ADAPTABILITY & FLEXIBILITY

Understanding our clients has given us the opportunity to adopt various engineering requirements to meet project demand. This includes the flexibility to adjust construction specifications when necessary. All of our projects are custom built and tailored to meet specific requirements; this adaptability and flexibility are key factors that have encouraged our clients to return to Mall Infrastructure for their most important projects.

CONTINUOUS LEARNING

At Mall Infrastructure, learning is on going. We believe in integrating the latest in construction and engineering technology to ensure that our projects are not compromised by disruptions or obsolescence. This technology is incorporated into all projects with a support system that is advanced and efficient.

TRUST

With decades of construction and engineering expertise under our belt, MALL INFRASTRUCTURE has earned the trust and support of clients. With numerous industry recognition from both customers and peers, we are confident in our ability to deliver superior products in accordance with customer requirement.

CUSTOMER SATISFACTION

At MALL INFRASTRUCTURE our work is never complete without the final nod of approval from our clients. Construction and engineering work is processed through stringent quality control measures and only after tedious inspection and tests is the project handed over to the client. We are committed to our client's approval and our work is not complete until all specifications are met.
